While the medical advances associated with the treatment of heart related illnesses continue to improve, the emotional aspects associated with heart treatment often linger with patients longer than one anticipates. Your gift will be devoted to improve the quality of life or those affected with heart disease.

Contributions to Mended Hearts can be made as a general donation, "In Memory Of", "In Honor Of" or to celebrate special occasions. Your gift will be acknowledged in **Heartbeat** magazine.

I wish to make my contribution to Mended Hearts by enclosing my tax-deductible gift of \$_____.
